

It's the most wonderful time of the year!

As we enter the silly season, let's seriously celebrate what we've accomplished at Dunlop Flooring in 2022. We've launched some amazing new products, worked with the Australian government, received approval from the National Asthma council and the list goes on!

Since the last quarterly comfort, we participated in the Australian Floor Style conference, which was a great opportunity to show off our flooring ranges. Our Queensland team have been busy showcasing Dunlop Flooring products and promoting our sustainable initiatives at various roadshows. We even sent a few lucky members of our team to the Carpet One Conference on Hamilton Island!

In Victoria, our charity work continues with our recent involvement in 'Share the Dignity' for women in need. Plus, a couple of volunteers from our Dunlop team gave up their time to help the homeless and disadvantaged at Sacred Heart Mission. We are making it our goal to give back to our community and help make someone's day a little brighter.

Finally, we'd like to take this opportunity to thank our retailers for everything you've helped us achieve this past year at Dunlop Flooring. It's been an incredible effort and even the smallest contributions have been invaluable to the success of our business. Let's keep the momentum going into next year and continue to get stronger, faster and better!

Australian Floor Style Roadshow

We were excited to get an invite to the Australian Floor Style conference in October, which was held at the Crown Casino in Melbourne.

It gave us the opportunity to showcase our Hard Flooring and Underlay products across our ranges, which received great feedback.

Congratulations to our NSW sales team, Wayne O'Brien and Nick Carruthers, on a fantastic night!

Congrats to this couple for winning our Conference Special offer!

Wodonga Border Carpets

Our very own Peter Weir, Victoria State Manager, worked with Wodonga Border Carpets to help draw the winner of their July and August Dunlop 'supply and install' promotion. Backed by a local radio advertisement, the draw was done live on their Facebook page. This promotion was received very well and introduced new customers to the store.

Great work Pete and the Marketing team for their work on the in-store posters, flyers, and radio script for the store owner Marty! We love coming up with creative campaigns for our stores, so if you have a similar promotion in mind, please speak to your local sales representative for more information.

Share the Dignity – It's in the Bag Charity

With the festive season fast approaching, we were honoured to participate in the "Share the Dignity" charity, hosted by Cotter Floors. This worthy charity collects new or excellent condition handbags, backpacks, tote bags, and new essential hygiene products to be hand-delivered to women in need. It's such a great cause and we were thrilled to be a part of it. Congratulations to Cotter Floors for doing such a great job in his hosting duties!

It all starts with a welcome, a meal, a relationship

Every day, the Sacred Heart Mission helps hundreds of people who are experiencing homelessness or disadvantage to find shelter, food, care, and support. Last month, our two Dunlop superstars, Anne and Natalie, volunteered their time to help at the Sacred Heart Dining Hall in St Kilda, Melbourne. When we asked Natalie about her experience, she said:

"It's a great feeling when you can give back to the community. In times like this, it's the least you can do to make a difference in someone's life"

This is just one of many ways to get involved, so for more information go to sacredheartmission.org

New Shots from our Heartridge Hybrid Photoshoot

Working together for a Sustainable future

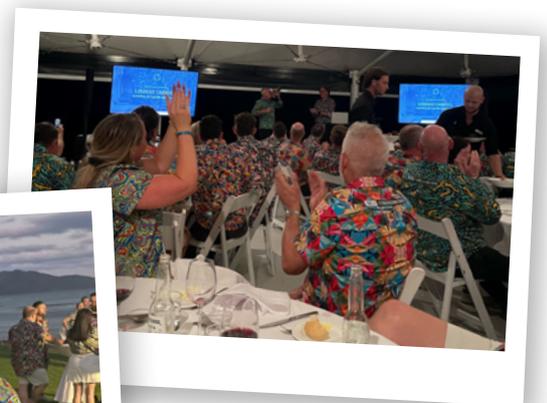

Dunlop Flooring is always putting sustainability at the forefront. Over the years, we have worked hard to develop sustainable initiatives for the manufacture and supply of hard flooring and underlay in Australia. Our team in QLD continue to promote this message through our Sustainability Roadshows. An island escape with Carpet One

Last month a few lucky members from Dunlop got the chance to swap their office view for a beautiful sunset at Hamilton Island at the Carpet One Conference. We were thrilled to be invited to this fantastic event with the chance to showcase our products, plus other exciting new things coming your way. Congratulations to all the winners of the Carpet one awards.

We'll be back to claim ours next year!

Future-proofing our Business for Growth

Once again our team came together with the Lighthouse group, hosted by Mark Emerson. Over the last 7 months, the Dunlop team have we've given them the opportunity to scale, transform, and grow through leadership.

We asked some of our participants what they thought about their progress and here's what they had to say:

Chris Smith (QLD)

"Over the journey of a career in management and leadership, you get the amazing opportunity to be a part of some great courses in professional and personal development. It is often the one that strips it back to basics and gives you a really tight grasp on your own personal value system and direction that resonates with you the most. What this course has delivered is the meaning behind the direction, the barriers, and how we might overcome the most difficult ones we encounter in business and in our own personal life. Thanks to Mark Emerson for his delivery of this great content and expert guidance throughout."

Charlotte Baker (WA)

"The leadership program has helped me build and grow relationships with my peers at Dunlop Flooring. It has given me the support to transition into my new role and coach and support subordinates and business partners in WA. Thank you for giving me the opportunity for self-development within our Growing business."

Rebecca King (VIC)

"It's great to have such an opportunity to take the time out from our busy day to day and focus on our personal goals and development. Mark Emerson creates an environment which enables us to be open and honest and get the most of our sessions. It has also been invaluable to spend time the time with my colleagues and bounce off ideas off each other!"

Simon Vasnaik (VIC)

"The program was very useful to me. 'Strengths Profiling' is an excellent tool in understanding one's own Strengths and limitations. 'Strength based leadership' is a very effective approach in delegation of responsibilities within teams. Mark Emerson was an excellent and engaging facilitator."

Jacqueline Makies (VIC)

"The Talent Development workshop has enabled me better insight into applying my strengths to both work and personal situations. Mark Emerson is a highly motivational facilitator and I have enjoyed being part of this program."
